

destination grandview

The historic Bank Block area of Grandview Avenue offers a unique mix of shopping, dining, and multiple hands-on experiences designed with groups in mind.

CREATE ON THE AVENUE

Groups can begin their exploration of Grandview Avenue by visiting local favorite **Stauf's Coffee Roasters** **1**. Sip and stroll enjoying coffee, loose-leaf brewed tea, or a house-made smoothie.

Follow the aroma of 100+ fragrances to **Candle Lab Grandview** **2**. Learn about their quality, long-lasting candles, blend your favorite essential oils and create your own custom candle. Enjoy wine or cocktails from their bar featuring Grandview's own Watershed Distillery spirits. **Duration 30-60 minutes.**

❖ *Traveling with a group larger than 16 people? We suggest following the Candle Lab experience half of your group proceed to The Smithery while the remaining explore Grandview Ave.*

Across the street at **The Smithery: artist made goods** **3** your group will begin the Make & Take/Shopping Experience. Participants will be provided with tools and guidance to learn metal stamping, resulting in the creation of their own combination of charms, pet tags, keychains and more. Before departing shop their store featuring artists from all over the world. **Duration 60-90 minutes.**

❖ *Following the Smithery's experience, groups can now begin shopping Grandview Ave.. Remaining members of your group can begin metal stamping.*

NEARBY SHOPPING & SNACKING HIGHLIGHTS
